

CAPABILITY STATEMENT

Municipal, Transit & Commercial Fleet Services
Chino, California

CORE COMPETENCIES

A&A Fleet Painting Inc. is a commercial fleet painting, collision repair and fabrication facility in Chino, California. We serve transit districts, cities, school districts, police and fire departments, and commercial fleet operators across Southern California. Painting, structural repair, welding, parts fabrication and scheduled maintenance are all performed in-house at one facility, so a vehicle is not subcontracted out mid-project.

- Full repaints, color changes and fleet-wide rebrands
- Booths sized for full-length transit coaches
- Agency graphics, wraps and commemorative schemes
- DOT numbers, unit numbers, compliance lettering
- Collision and structural repair; steel & aluminum welding
- Fiberglass front and rear cap repair or replacement
- In-house machine shop — custom parts for discontinued components
- Security partitions, window guards and equipment mounts
- Scheduled preventative maintenance, suspension and A/C
- Interior, seating and upholstery repair

VEHICLE TYPES SERVICED

Transit buses and coaches (40 ft and articulated) · Paratransit, cutaways and shuttles · School buses · Police interceptors and municipal vehicles · Fire apparatus and utility bodies · Locomotives and rail vehicles · Heavy trucks, tractors, trailers and street sweepers · RVs and motorhomes

DIFFERENTIATORS

- Bonded and insured; documentation available on request
- Phased scheduling keeps fleets in service during projects
- Overnight and weekend work windows available
- OEM parts accounts with Gillig, New Flyer, MCI and BYD
- Documented estimates and insurance supplements handled directly
- Pickup and delivery throughout Southern California

AGENCY EXPERIENCE

Contracts held with Omnitrans, the City of Montebello and the City of Santa Monica. Painting, repair and fabrication work performed for transit operators, transit contractors, school districts, and police and fire departments throughout Southern California. Additional references available on request.

PAINT SYSTEMS & COMPLIANCE

Sikkens · Valspar · Axalta · Spies Hecker. EPA-compliant finishes. DOT and agency compliance markings applied to specification and road-legal in California.
